Welcome to the CAHPS Hospice Survey: Podcast for Hospices series. These podcasts were created for staff at hospice organizations. In this podcast, we will review the procedure for selecting and authorizing a survey vendor and the process for switching survey vendors.

**Slide 2 – Does my hospice need a survey vendor?**

Unless your hospice meets the exemption for newness or size, in order to be compliant with national implementation of the CAHPS Hospice Survey, your hospice will need to select and negotiate a contract with an approved survey vendor.

Once your hospice contracts with an approved survey vendor, your hospice will need to authorize the vendor to collect and submit data to the CAHPS Hospice Survey Data Warehouse on your hospice’s behalf.

**Slide 3 – Selecting a Survey Vendor**

Only approved survey vendors may administer the CAHPS Hospice Survey.

The CAHPS Hospice Survey team maintains a list of approved survey vendors that you can find on the CAHPS Hospice Survey Web site. All of the vendors listed on the site have met the CAHPS Hospice Survey minimum business requirements.

**Slide 4 – Selecting a Survey Vendor**

In order to select a vendor that is the best fit for your hospice, you may want to ask prospective vendors some questions. Questions you may want to ask potential survey vendors include the following:

- How many CAHPS Hospice Survey contracts do you have?
- Do you conduct the CAHPS Hospice Survey by mail, telephone, or a mix of both mail and telephone?
- What response rates do you achieve for your CAHPS Hospice Survey clients?
- In what languages do you conduct the CAHPS Hospice Survey?
• What procedures do you follow to keep my hospice’s sample file and data secure and confidential?
• What reports can you provide for my hospice?
• What services do you offer to help my team understand our survey results?

Slide 5 – Survey Vendor Authorization Process

Your hospice will need to notify CMS of the survey vendor your hospice has selected.

To notify CMS, fill out and have notarized the CAHPS Hospice Survey Vendor Authorization Form. This form can be found on the Technical Specifications page of the CAHPS Hospice Survey Web site.

The form must be notarized, and the original must be submitted to the RAND Corporation three months prior to the data submission deadline. For example, if your vendor will begin collecting data for January 2016 deaths, the corresponding data submission deadline is August 12, 2016, and the RAND Corporation must receive your Vendor Authorization Form by May 12, 2016.

Remember to include your CMS Certification Number (or CCN) on the Vendor Authorization Form.

Slide 6 – Timeline

Here, you will see an overview of the data collection and data submission timeline.

Data collection begins two months following the month of patient death. The data submission deadlines happen quarterly during the calendar year. If your hospice is authorizing a new survey vendor, or switching survey vendors, the Vendor Authorization Form is due three months before the corresponding data submission deadline.

The yearly data collection timelines, with actual calendar dates, are posted on the CAHPS Hospice Survey website.

Slide 7 – Vendor Authorization Form

An example of a vendor authorization form is shown here. It is important to include complete and accurate information on this form, including the hospice CCN, an approved survey vendor, and contact information for the hospice administrator and point of contact.

Slide 8 – Vendor Authorization Form (continued)

The Vendor Authorization Form must also include the start date for the new vendor, which is based on the decedent month of death. For example, if your vendor will administer surveys to caregivers of patients who died on January 1, 2020, then January 1, 2020 is the start date. The form must be notarized before it is submitted.
More information on these topics can be obtained at the CAHPS Hospice Survey website at: www.hospicecahpssurvey.org, by email at hospicecahpssurvey@hsag.com, or by calling 1-844-472-4621.
